

The Patient-Centered Medical Home (PCMH) is a model of care that puts patients at the forefront.

Scan this QR Code to learn more about PCMH at Hope with Dr. Susan Galvin.

PCMH at Hope

Hope Christian Health Center provides a medical home for all patients by actively coordinating **all** aspects of a patient's care including: labs and imaging records, specialty care consult notes, and urgent care and hospital records.

We seek a complete picture of your health so we can make informed decisions regarding your care.

Your Role

In order for the PCMH model to be successful each patient must understand their role. It is important that you share all medical information and updates with your provider in a timely manner so they stay up to date with your health.

Talk with your provider on how you can best communicate with them. With your help, we can make the best decisions regarding your healthcare needs.

Providers

Susan Galvin, MD, FAAFP, is our Chief Medical Officer and sees patients at our Mobile Unit on Tuesdays and on Friday mornings at our MLK clinic

Ricardo Cruz, DO, sees patients on Wednesdays at our CC clinic and on Saturdays at our MLK clinic

April Paxton-Johnson, MSN, APRN, FNP-BC sees patients Monday - Thursday at our MLK clinic

Myles Adamson, MSN, APRN, FNP-C sees patients Mondays, Wednesdays, and Thursdays at our MLK clinic and on Tuesdays at our CC clinic

Eileen Chavez, MSN, APRN, FNP-C sees patients Tuesdays, Wednesdays, and Fridays at our MLK clinic and on Thursdays at our CC clinic

Flor Guerrero, MSN, APRN, FNP-C sees patients Monday and Tuesday at our MLK clinic

After Hours

Any calls received after business hours will automatically be transferred to our triage service, Call 4 Health.

A licensed registered nurse answers clinical questions and provides medical advice. All after hours telephone encounters are forwarded to Hope staff for appropriate follow-up.

Federal Tort Claims Act

HCHC is a Federal Tort Claims Act (FTCA) deemed health center.

This health center receives Health and Human Services (HHS) funding as a Health Center Program grantee under 42 U.S.C. 254b and is a deemed Public Health Service employee under 42 U.S.C. 233(g)-(n). HCHC has Federal Public Health Service (PHS) deemed status with respect to certain health, or health-related claims, including medical malpractice claims, for itself and its covered individuals.

Evidence-Based Care

- Our providers stay up to date on the latest guidelines to ensure that your care is based on the most accurate scientific recommendations!
